ABOUT ME

I am a Final-year Software Engineering student specializing in native Android development. I am passionate about Quality Engineering, focusing on building predictable, crash-free applications with robust local data persistence and seamless offline capabilities.
Beyond code, I am deeply committed to community service and leadership. As the President of the Blood Donation Society at my university, I have led teams to organize critical health awareness drives and digitized vital medical community records.

WORK EXPERIENCE

University of Mianwali (Academic Projects) Pakistan

App developer
03/06/2025 – Current

- **Android Developer InternOkra Software House, Mianwali***(6/2025) – (10/2025)*
  - Wrote clean and concise Kotlin code, leveraging the power of declarative programming to reduce boilerplate code.
  - Developed hybrid screens using **Interoperability APIs** to allow Compose and XML views to coexist.
  - Assisted in migrating legacy XML-based layouts to modern **Jetpack Compose** UI to improve rendering performance.
- **Hunnarmand (Skill Connection Platform)**
  - Technologies: Kotlin, Android SDK, Firebase/REST API, Google Maps Integration
  - Developed a service-based platform connecting local skilled workers (electricians, plumbers, mechanics) with daily users.
  - Key Features**:** Implemented user profiling, geo-location based worker search, and a direct calling/messaging featur
- **Hostel Manager App**
  - Technologies: Kotlin, Room Database/SQLite, MVVM, Material Design
  - Built a management utility to digitize the manual record-keeping of hostel residents.
  - Core Functionality: Features include Room Allocation, Student Attendance Tracking, Mess Management, and Complaint Registration.
- **Android Developer Portfolio App**
  - Built a showcase application to demonstrate proficiency in modern Android development and UI/UX design.
  - *Technologies: Kotlin, Jetpack Compose, Material Design 3*

Deputy Commissioner Office, Mianwali Mianwali, Pakistan

Software engineer
02/02/2025 – 05/04/2025
Main activities and responsibilities

- Designed and developed a **Monitoring Software Portal** for the DC Office.
- Collected requirements from multiple departments and implemented features for **real-time data collection and reporting**.
- Generated analytical reports to support **decision-making and performance monitoring**.
- Ensured a **user-friendly interface** for departmental staff.

EDUCATION AND TRAINING

BS Software Engineering (end may 2026) University of Mianwali – Mianwali, Pakistan

Website https://umw.edu.pk/ | **Field of study** Software Engineering | **Final grade** 3.13CGPA/4

ICS (Computer Science) BISE Sargodha 2020 – 2022

Field of study Computer Science | **Final grade** 770/1100

22/07/2025 – 22/09/2025

Advanced Programming in Kotlin course offered by Meta on Coursera!

Website https://www.coursera.org/account/accomplishments/verify/PN8ISH4APKNR

Matriculation (Science Group) BISE Sargodha 2018 – 2020

Field of study General Science | **Final grade** 854/1100

LANGUAGE SKILLS

MOTHER TONGUE(S): Panjabi | Urdu

Other language(s):

English

Listening C1
Spoken production C1
Reading C1
Spoken interaction C1
Writing B2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

SKILLS

Android Development (Kotlin) | C++ | computer programming | Jetpack Compose

TEACHING & TRAINING

Teaching Computer Basics (Word, PowerPoint, Typing, Shortcuts)

VOLUNTEERING

10/10/2022 – 15/10/2026 University of Mianwali

President | Blood Donation SocietyUniversity of Mianwali

Write here the**Led and managed** a dedicated team of student volunteers to organize large-scale blood donation camps and health awareness drives across the university.
Coordinated critical emergency responses, establishing a rapid network to connect donors with patients at DHQ Hospital and local clinics instantly.
Initiated the digitization of manual records by designing and developing the "Blood Donation App," significantly reducing donor search time.
Collaborated effectively with university administration and medical authorities to streamline resources and ensure successful community operations. description...
